

HABEEB OLUWAFEMI NAJEEB

CIVIL/GEOTECHNICAL & QUALITY CONTROL ENGINEER

DATE OF BIRTH: 27th March, 1997 | **NATIONALITY:** Nigerian | **STATE OF ORIGIN:** Osun State.
R/ADDRESS: 14 Jumare Street, Kabala West Area, Kaduna South, Kaduna State (800263) Nigeria.
E-MAIL: Najeebhabeeb27@gmail.com | Habeeb.najeeb@anayd.org
TEL. NO.: +2349049812961, | +2348131017099

ACADEMIC QUALIFICATION

Habeeb is a driven and ambitious individual, with over four years of diverse practical experience in general site supervision, quality control and assurance, geotechnical investigations, result data computation, analysis and presentation. He is a professional digital expert with track record on AutoCAD for architectural and engineering designs, as well as some other useful office applications – Microsoft Office, email and online office-aid services, computer networking and maintenance. He is an analytical and creative thinker, astute learner and team player. He is very attentive to details, result oriented, ardently passionate about providing assistance targeting having excellent results.

ACADEMIC QUALIFICATION

- 2019, 10 – 2022, 06 – **Higher National Diploma (HND) in Civil Engineering Technology**
Kaduna Polytechnic, Kaduna State..
- 2014, 01 – 2016, 12 – **National Diploma (ND) in Civil Engineering Technology**
Federal Polytechnic, Kaura – Namoda, Zamfara State.
- 2011 – 2012 – **Senior Secondary School (WAEC)**
Al-Mansoor Model College, Ifon-Osun, State.
- 2005 – 2011 – **Senior Secondary School (WAEC)**
United Christian Grammar School, Ifon-Osun State

PROFESSIONAL WORK EXPERIENCE

May – Sept; 2023 – Assistant Site Engineer Technician || SITECH ENGINEERING LTD, KADUNA STATE

- Associated with Motal Engil Ltd, Nigeria Railway Kano – Maradi Single Rail track.
- Lab Testing: performed diverse geotechnical tests on soil materials to provide precise data for project decision-making.
- Sample collection and analysis: gathered project site samples, conducted necessary geotechnical investigations to evaluate material properties for rail track construction suitability.
- Assisted in identification and resolution of geotechnical issues, deviations to ensure project success
- Assisted in mentoring graduate trainees on geotechnical investigations and general construction practice

2017 – 2019 – Asst Quality Control/Assurance Tech || SITECH ENGINEERING LTD, KADUNA STATE

- Associated with S&M Nig. Ltd, on two different road projects in Bida L/G of Niger State
- Quality inspection of materials, workmanship, project components to ensure compliance with project specifications, industry standards and quality control plans.
- Documentation: maintained detailed records of quality control activities including test and inspection results, non-conformance issues. Prepared accurate report for client and regulatory compliance
- Testing Analysis: Performed various tests and analyses on construction materials, including soil, asphalt, concrete, and aggregate, using specialized equipment and methods.
- Provided recommendations for adjustment to meet quality standard. Worked collaboratively to develop corrective plans and implementations.

2016 – 2017 - AutoCAD Draft Tech Project Based || END-BEARING CONSULT, GUSAU, ZAMFARA

- On project and business contract based
- Drafting and Design: Created detailed and accurate drawings and plans using AutoCAD to support architectural and engineering construction projects.
- Modification and Revision: collaborate with site team and engineer to implement revisions and updates to existing drawings as project requirement evolve, ensuring precision and consistency
- Documentation: maintained an organized repository of drawings and related project documentation, ensuring efficient retrieval and delivery to clients

2012 – 2013 - Asst. Site Supervisor || DEMOON CONSULT & SPACE DEVELOPMENT, OSUN, STATE

- Site oversight: offered thorough on-site supervision to ensure construction aligns with project specifications, and safety guidelines
- Assisted on site coordination, material safety, and daily activities report.
- Assisted on proper resources allocation and machines and equipment inspection

2009 - 2012 - Intern AutoCAD Drafting || DEMOON CONSULT & SPACE DEVELOPMENT, OSUN, STATE

- General AutoCAD training on architectural and engineering design
- Received training on design planning, organization, execution and delivery
- Received training on designs interpretations, drawing and details reading
- Received training autoCAD drawing standard formatting for different regional standard

TRAINING AND CERTIFICATION

- | | |
|--|-----------------------------|
| - Environmental Health and Safety (UniAthena distance learning) | - certification in progress |
| - Project Management Professional (Google via Coursea.com) | - certification in progress |
| - Diploma in Administrative Procedure & Office Support (Alison.com) | - certification in progress |
| - Leading Teams (University of Illinois via Coursea.com) | - August, 2023 |
| - Adaptability & Resiliency (University of California via Coursea.com) | - August, 2023 |
| - Solving Problems with Creative & Critical Thinking (IBM via Coursea.com) | - August, 2023 |
| - Adaptability & Resiliency (University of California via Coursea.com) | - August, 2023 |
| - Collaborative Effectively for Professional Success (IBM via Coursea.com) | - August, 2023 |

DIGITAL SKILLS

- AutoCAD, Orion, Microsoft Word, Excel, PowerPoint (Slide), computer networking, JavaScript (website development), system troubleshooting & maintenance

HOBBIES

- Internet surfing, Athletics, itinerating, coaching (digital and tech)
